El Colina Sets 1st Santa Gertrudis Sale On April 16

Commercial and purebred cattlemen will have an unusual opportunity April 16 to buy top-quality range-raised Santa Gertrudis breeding stock at the first Herd Builder sale at El Colina Ranches at Walnut Springs, Texas. The event is the result of several years' planning and nearly a year of intense preparation by ranch personnel and Vernon and James Smith, owners of the 16,000-acre ranches located 35 miles south and west of Cleburne.

The main objective of the sale, "something for everybody," is shown in the large offering of every cattle class to meet the needs of all types and sizes operations. The wide selection of 175 lots includes 120 pairs and bred females, 30 service-age bulls, 15 fifteen-to-eighteen-month-old bulls, 6 eighteen-month-old high quality open heifers, and a special offering of 12 top-quality twelve-month-old bull and heifer calves.

Vernon Smith pointed out that the Apache and other leading

bloodlines of the ranch had achieved national and international recognition . . . in shows, sales and breeding programs. Apache's Dividend, bred and raised on the ranch was named National Grand Champion Santa Gertrudis Bull of the United States and also in Brazil.

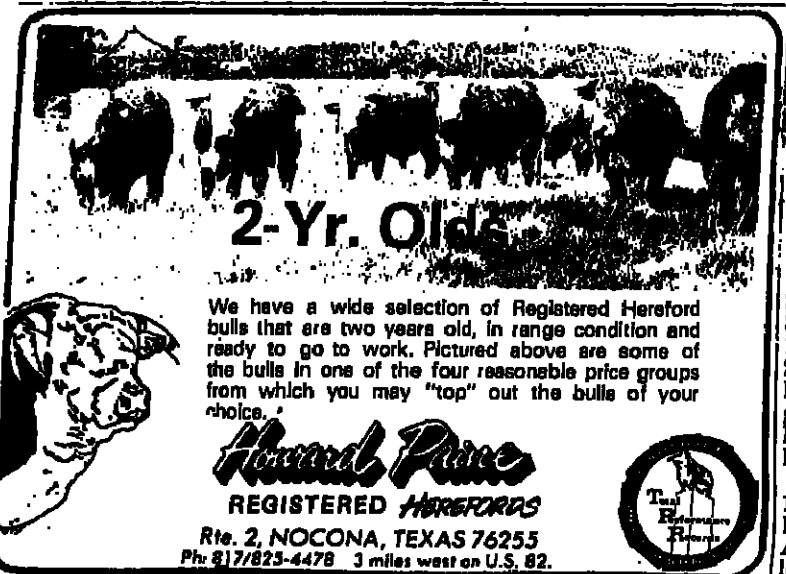

James Smith noted the ranch is widely known for its progressive breeding techniques and conservation practices. It participates in a number of demonstration projects and is used as a teaching facility by the Texas Christian University Ranch Management Program.

The sale will begin at 12:30 p.m. Saturday, April 16, with Walter Britton, Bryan, serving as auctioneer.

Jean and Rosie Davis, owners of Davis Custom Breeders at Granbury, Texas, are shown with two of the Pinzgauer half-blood steers they are readying for shows later this year. Shooting for the carcass end of the shows is the Davis objective, and they recently had reserve champion carcasses at a major show.

Pinzgauers Winning Carcass Cattle For Davis Breeding Service, Granbury

Granbury — Jean and Rosie Davis, owners of Davis Custom Breeders, use here, believe they have found in Pinzgauers the right cattle for their breeding objectives — the ideal carcass.

"If you can't produce a carcass that pleases the packer and meat that pleases the housewife, you might as well get out of the cattle business," Davis said.

Using Pinzgauer sires by artificial insemination on cows of other breeds and crosses is Davis' method of producing that kind of carcass.

One of the steers Davis produced was recently judged reserve grand champion of a major livestock show. It

was Pinzgauer-Charolais and was shown in the Charolais division of that show because the steer's dam was Charolais.

The steer, when slaughtered and graded, graded prime average, had .2 inch of fat cover on the 16.2-square-inch ribeye, yield graded 1.4.

"Producing one animal with that kind of carcass doesn't prove that all animals of the same breeding will have that kind of carcass, but we believe we've had enough similar ones from crossing Pinzgauers with other breeds and crosses that they will consistently produce the ideal kind of carcass."

To further prove his point to himself, Davis has other Pinzgauer steers being readied in his feedlot for slaughter under the official supervision of Max Stauble, meats professor at Tarleton State University at Stephenville.

Davis finished the reserve champion steer just as he does all of his steers — on the least expensive feedlot ration he could buy. The straight milo ration with supplements cost \$5.10 cwt.

Davis believes that Pinzgauers are the easiest calves of all the new "Exotics" and he has quit bringing his cows bred to Pinzgauer bulls in out of the pasture at calving time. We haven't had single calving problem with the Pinzgauer sired calves," he said.

Davis has also found the Pinzgauer cross calves to be highly fertile. He's had two heifer calves "accidentally" bred by a neighbor's bull before they were weaned off their mammaes.

Davis said a Pinzgauer show has been approved for the 1978 Southwestern Exposition and Fat Stock Show at Fort Worth, and persons interested in entering animals in it should begin making plans for that now.

expired with the meeting. Demorest automatically becomes ex officio member of the association's board of directors for one year.

The election of officers and directors for 1977 was one of several highlights of the best attended membership meeting ever conducted by the association. Among those highlights were a near-100% increase in the breed's advertising budget, and establishment of a \$10,000 special award program for exhibitors of qualifying purebred Charolais steers in designated shows. By defeating a proposed constitutional amendment that would have prohibited the association from selling advertising directly or indirectly, the membership gave approval of the board's earlier action in establishing an association-owned magazine, The Charolais Journal.

Other officers elected were Frank Wesson, Victoria, Ark., first vice president; Richard Hass, Terrell, Tex., second vice president; Ray Pepon, Indianapolis, Iowa, secretary, and Arnold Wienk, Lake Preston, S.D., treasurer. Hass previously was secretary, and Wesson and Wienk were members of the board of directors.

Directors chosen for two-year terms were Billy Bullock, Atlanta, Ga.; Lloyd DeBruycker, Dutton, Mont.; John Blankens, Holland, Minn.; Earl Kindig, Waynesboro, Va.; Dick Martin, Crawfordsville, Ore.; Charles "Chuck" Druin, Morehead, Ky.; Marvin Nichols, Ankeny, Iowa; and Gerald Schoenfelder, Scottsdale, Ark.

George Frisbie, Gypsum, Kans., who completed a two-year term on the board of directors, was chosen to fill the remaining one year of Wienk's term as a director following the

stockpiles of commodities without providing farmers the income target protection of the present program.

"As our state's largest industry, Agriculture concerns each of us, from the farm to the table. Farm policy must reflect the reality that farmers face, in terms of higher fuel costs, higher machinery costs, and higher costs for just about everything that goes into a crop. The Administration's farm bill does not, in my view, address these problems adequately, and I believe the bill will be given careful scrutiny by the Congress."

"I am concerned about what you, the producers of Texas, think about this legislation. I hope you will let me know in days and weeks ahead of your views on The Farm Bill so that I can make the decision which will be best for our state. I look forward to hearing from you."

Letters should be addressed to: Senator John Tower, United States Senate, Washington, D.C. 20510.

the nation's farm policy, a policy that was last established in 1973, before the Arab oil embargo, before the inflation affecting farm machinery prices, and before the rapid escalation in farm exports to other nations.

"Last week, the President's farm policy suggestions were revealed to Congress, and I am concerned that the proposal is inadequate to meet the needs of Texas farmers. It ignores a much-needed revision of the disaster program, and tampers with the market-oriented farm system established by Congress in 1973. I am very much concerned that the President's plan would lead to larger government

TEXAS RED ANGUS NEWS

L. B. Golemon's Entire Family Involved With Red Angus Cattle

Jacksonville — For the L. B. Golemon Jr. family Red Angus cattle are a family affair. He's president of the Texas Red Angus Assn., his wife, Nancy Golemon, is secretary-treasurer of the association, and their daughter, Patti, 20, is Texas Red Angus queen.

Another daughter, Diana, 13, is getting into 4-H work and breeding Red Angus, and son, Gordon, 22, is actively participating in operation of the Golemon's Red Hill Ranch where they breed Red Angus here.

Just as Golemon is working hard at leadership of the Texas Red Angus Assn., he is also working hard at trying to make his small Red Angus herd one of the leaders of the breed.

To do that, he recently purchased one of the top herd sire prospects of the Red Angus breed, CV Larkaelong 502, a two-year-old son of RC Larkaelong J121X, one of the top Red Angus sires in this country. Gole-

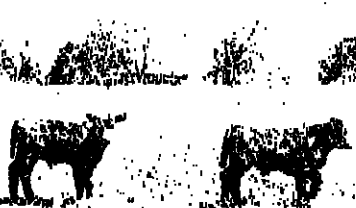

mon's new sire had an adjusted weaning weight of 693 pounds, a two-year-old son of RC Larkaelong J121X, one of the top Red Angus sires in this country. Gole-

CV Larkaelong 502, a son of RC Larkaelong J121X, one of the top Red Angus sires in the nation, is L. B. Golemon's present herd sire.

These are the only three Red Angus bulls L. B. Golemon Jr. has left unsold from his last crop of yearling bulls. Two of them are sons of the 1971 double performance champion of the Houston Livestock Show.

These twin Red Angus bull calves are sons of L. B. Golemon Jr.'s present herd sire CV Larkaelong 502.

breeders not to do when I bought this bull," Golemon said. "I immediately put the youngster (13 months old) with my cows and started breeding him, because my other herd sire came up lame and couldn't work," he added. Golemon paid \$4,000 for CV Larkaelong 502, purchasing him from Sam Baker, Bristol, Va.

The young sire did a commendable job running with the herd of about 25 cows. He dropped 16 calves in a 30 day period, and 20 calves between Jan. 4 and March 8 this year. Two of the calves are twin bulls. Four other cows are to calve to him in the next few days, Golemon said.

Many of the younger females in the Red Hill herd bear the influence of his former sire Orbita Okie PV, who had a weaning weight of 719 pounds and yearling weight of 1,190. That bull was raised by Darrell Butler of Pauls Valley, Okla., another leading Red Angus breeder.

Golemon believes his Red Angus are doing a good job, because they consistently wean calves weighing 55-60 percent of their dam's weight. "When they do that they are doing good," Golemon says.

A representative of B. F. Goodrich Co., Golemon travels Texas, Oklahoma, Arkansas, and Louisiana for that firm and does most of his work with the Red Angus on weekends and holidays, but the other members of the family work with them every day.

Golemon's primary bull market is to commercial cattlemen in his area. He now has only three yearling bulls left for sale, but two of them are sons of Orbita Okie PV, and are highly promising sire prospects. Orbita Okie was a double performance champion of the 1971 Houston Livestock Show and at \$1,650, was the high selling bull in the Red Angus sale at that show.

In addition to being President of Texas Red Angus Assn., Golemon is also president of the Cherokee County Livestock Show, and is making an effort to get Red Angus shows established at county livestock shows all across Texas.

The Cherokee County show held last month had 125 entries and the grand champion sold for \$2,100, making the show project highly worthwhile for the exhibitor.

Red Angus Registrations Up 57% In Year, Now Total 101,000 Head

Denton, Texas — In the past year registrations of Red Angus cattle have increased 57 percent, and transfers by 58 percent to a present total of 101,000 animals on the books of the American Red Angus Assn.

Mike Sweet, Executive Director, said the association also expects 1977 to be a banner year for the fast growing breed.

"We believe the big increase in registrations and recorded transfers is mainly due to increasing numbers of the cattle, but is also partly due to a big increase in the number of breeders who are willing to spend the time and money necessary to register their cattle," Sweet said.

"It's also partly due to the new computerization of our records, which is nearing our goal of a two-weeks turn-around time from the time we receive the registration information until it is mailed back to the owner," he said.

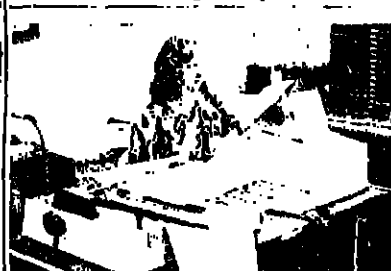

The association is also instituting a new concept in its registration papers. Space will be provided on the registration certificates for complete performance on each animal to be recorded, including the performance

of the sire and dam, the calf at weaning, yearling age, and through the animal's adult life.

"The new papers will be updating our computer system so the owner, at a glance, tell exactly what best cattle are and eliminate the performers before they have as much a lot of time and money," Sweet said.

Irene Tribble is shown putting information into the American Red Angus Association's computer in the national headquarters in Denton. The association is nearing its goal of a two-week turn-around time for registration papers.

Yackley Limousin Sets Bull Sale For April 26

Onida, S. D. — The Fourth Annual Yackley Ranch Limousin Bull Sale will be held April 26, 1977. Sale time is 1:00 p.m. at the Yackley Limousin Ranch located 5 miles Northeast of Onida, S. D.

Selling are 100 Yackley Limousin bulls including 3-7/8 blood coming 2 year olds; 7-3/4 blood coming 2 year olds; 40-7/8 blood yearlings and 60-3/4 blood yearling bulls.

Also selling are 5-1976 open 7/8 blood heifers, 16-open 3/4 blood heifers and 3 horses.

For catalogs and information contact Yackley Limousin, Bob and Elaine Yackley & Sons, Onida, S. D. 57564, 605/288-2168. Sale barn phone is 605/288-2756. Auctioneer will be C. K. "Sonny" Booth, Welch, Okla.

commanding a premium of \$2.00 to \$4.00 cwt., because both feeders and packers know the Red Baldies can match, or exceed, the performance of the highly popular Black Baldies," he said.

Cost of the certificates will be nominal just enough to cover printing and handling, Sweet said. As soon as the certificates can be printed they will be available to owners of Red Angus bulls by contacting the American Red Angus office, Box 776, Denton, Texas 76201, phone 817/887-3502.

"We believe these certificates will be of great benefit, especially to Hereford breeders who use Red Angus bulls to get Red Baldy calves. Unfortunately there are other breeds of bulls which will also get similar looking calves that cannot match the performance of the Red Angus sired calves," Sweet said.

"We believe that the new certificates will put an end to discrimination against Red Baldy calves in the market place, since the breeder will pass the certificates along to the new owner, and the new owner can pass it on with the cattle until they reach slaughter," he said.

"We are going to urge persons who use the certificates to present them to their auctioneers when they sell calves through auctions so that the auctioneer can positively identify them when they come in the ring. We believe such positive identification will result in Red Baldy calves

Red Angus Field Day Set May 28 At Inez, Texas

Jacksonville, Texas — L. B. Golemon Jr., owner of Red Hills Ranch here and president of Texas Red Angus Assn., has announced that a Red Angus Field Day will be held May 28 at the Owen Kolle Ranch at Inez, Texas, near Victoria in South Texas.

The field day will include speakers, a business meeting of the association members and directors, and a tour of the Kolle Red Angus herd, Golemon said.

Another major effort of the field day will be organization of a junior association for Texas. Recently the American Red Angus Junior Association was formed, and Golemon believes there's sufficient interest to form a Texas Red Angus Junior Assn.

THE BIG RED

The Big Red Ones...
"Commercially Speaking"

As a commercial seed stock producer you are looking for net results in a crossbreeding program. The net results that mean the most are summed up with one word, profit.

Red Angus are "big" on performance. In fact, that's what they're all about and registered Red Angus bulls are sold with a certificate which states exactly how they have performed from birth to yearlings.

What's more, Red Angus bulls are naturally polled in addition to being red in color. If there was ever a color in the world that related to performance, it is red.

If you are looking for profitable performance, then you're looking for The Big Red One...

Kimbell MEDICATED FEEDS ARE MONEY MAKERS

It goes without saying that no program or type of feed can guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock that "good doing" look — this convinces your buyers they are "worth more."

This type of program actually makes your livestock "do better" — control of disease and parasites adds pounds — they are "worth more."

Brahman Breed Improvement Seminar Is Scheduled For May 27-28 At A&M

The Texas Brahman Association has scheduled a dynamic program for all cattlemen to be held at Texas A&M University on May 27-28. This TBA Breed Improvement Seminar is designed to answer many of the questions today's cowman has on structural types by looking at both live cattle and carcasses.

Blending together live cattle evaluations in the Animal Science Pavilion and speeches in the Rudder Conference Center, the seminar has selected a far reaching program on one of the major topics of interest in the business today — "What type of cow should we breed for?" Experts in both the animal science world and cattle industry as well as top notch cattlemen will be on hand to compare their programs and discuss their merits.

The seminar begins at 9:00 a.m. on May 27 at the Animal Science Pavilion and concludes the seminar on the A&M University campus. The majority of the morning will be spent evaluating Brahman cross steers that represent the three basic structural types of cattle.

Leon Locke of J. D. Hudgins Inc., Hungerford, Texas, will be the Master of Ceremonies for both days. Friday morning's speakers and topics include: Dr. L. D. Wythe, TAMU — "Evaluation of Brahman Cross Steers"; Dr. Tony Sorenson, TAMU — "The Appraisal of Cattle Fertility"; and Dr. Jim Sanders, TAMU — "Animal Breeding Systems."

The program for that afternoon will have Leon Miller, a feedlot operator from Eagle Pass, speaking on "The Feeding of Brahman Cross Steers," and then a series of speakers giving their viewpoints on "Selecting and Breeding Brahman Cattle." These will include: Dean Blackwell, BBB Ranch,

American Brahmental Assn. Sale-Workshop Set On April 30

San Antonio — Dr. J. O. Brumlow, president of the American Brahmental Association (ABA), has announced the newly formed organization's first workshop and all-registered Brahmental sale will be held Saturday, April 30, at the Lone Star Auction in San Antonio, Texas.

The ABA was the first association in the world to establish a registry for Brahmentals, having been incorporated by the State of Texas on May 22, 1975. The ABA has the name "Brahmental" registered with U. S. Patents and Trademarks Office and with the State of Texas, and the U. S. Trademark is now pending.

The workshop beginning at 10:30 a.m., April 30, will be to familiarize Brahmental breeders with the inspection and classification system used by the ABA. It will be followed by inspection of the sale cattle.

Dr. John H. Farris, vice-president of the ABA, will conduct the workshop which will include a detailed explanation of the Standard of Excellence, the inspection and classification, and the acceptable breeding-up chart. A question and answer session will follow.

The sale will offer approximately 80 head of the finest selection of Brahmental cattle available for purchase anywhere. Dr. Brumlow said there will be 20 foundation bulls of pure Brahman and Simmental heritage. These bulls include one of the very scarce three-quarter Brahman, one-quarter Simmental needed for three-quarter Simmental and purebred Simmental females to produce three-eighths Brahman, five-eighths Simmental calves. Bulls of this type are very hard to obtain now, and such bulls of the quality being offered in this sale cannot be found elsewhere.

Females to be offered include fourth top selling bull which sold at \$785 to Kiehl Kelley, Walsh, Co. The fifth high selling bull was consigned by Harland Herefords and went at \$700 to Tom Elke, Woodward, Ok. Ninety-eight (98) females grossed \$25,230, with the top selling female a Hereford, Laverne, Ok. going at \$600 to Burke Zollinger, Laverne, Ok. Messner Herefords also consigned the second high selling female at \$455, it going to Romie Miller, Hooker, Ok. The third high selling female was consigned by Gene-In House Herefords, Leedney, Ok. and sold at \$440 to Eugene Carlson, Sweetwater, Ok.

Brand's Brangus Average \$1,408

Round Top, Texas — Ludwig and Judy Brand's Brangus Ranch production sale featuring the get and services of "Superstar" here March 26 grossed \$100,000 for an average of \$1,408 on 71 lots of Brangus females. The sale was managed by Matt and Ann Syler of Syler Sales Management, Inc., Burton, and auctioned by Gerald Bowie, West Point, Ga.

Twenty pairs averaged \$1,654; 29 bred heifers \$1,400; two bred cows \$1,457; and 20 open heifers \$1,164. Clayton and Modesta Williams, Ft. Stockton, paid \$5,100 for the top selling pair; and Rustling Oaks Ranch, Burton, and Willow Springs Ranch, Burton, paid \$1,850 for the second high selling pair.

Billy Harry Brangus, Sulphur Springs, paid \$3,100 for the top bred cow; and Rustling Oaks and Cedar Springs Ranch, Groenbriar, Ark., took the second high selling bred cow for \$1,950.

J. W. Hastings Ranch, Wichita Falls, paid \$3,200 for the top open heifer; and Rojak Ranch, Dallas, \$1,450 for the second high open heifer.

Kelsey's Polled Hereford Sale Set May 7, Chetopa, Kan.

Chetopa, Kan. — Carl Kelsey's Polled Hereford Farm's Spring Sale will be held Saturday, May 7, beginning at 12:30 p.m. at the farm located five miles north and two miles east of Welch, Okla., or six miles south and two miles east of Chetopa, Kan.

Selling will be 120 lots including 21 bulls; 60 cow-calf pairs; 22 bred heifers and 17 open heifers. The bulls include three sons of Kelsey's herd sire, JFG BJH OG, a son of OG Domestic Anx 6719; Supreme Lamp OG 0613, an Orcehue-bred bull who has done a tremendous job; and RHR Mesa Lump 10. The herd also has young cows with several big fall calves at side and the remainder spring calves, and carry the service of JFG BJH OG. Exporters or certifying veterinarians are advised to contact their office of the APHIS Veterinary Services program if they are subject to the appropriate APHIS Veterinary Services office in required on health certificates accompanying imported livestock.

Further information is available from the sale managers, National Cattle Services, Eddie C. Sims, 3 Ketch Creek Drive, Lawton, Okla. 73501, phone 405/629-2773; 405/248-9150 (Mobile), Dale R. Sims, 406/397-7745; or James Birdwell, Polled Hereford Farm, Carl Kelsey, owner, RR 3, Chetopa, Kansas 67336, phone 918/788-3230.

The association has two fund-raising days of activities planned for all exhibitors and their guests. The week-end and starts with a swimming party and a buffet at the Holiday Inn South is the show headquarters. The judging will follow on Saturday afternoon and there will be a dance at the fairgrounds Saturday night.

From 10 a.m. to 5 p.m. will be awarded through fifth place and first place winners will get trophies. "J" Custom Fitters of Boling, Tex., will award a special trophy to the winner of the showmanship contest and Watson's Cattle Service, Devine, Texas, will present trophies to both the grand and reserve champion heifers.

The show is being held in conjunction with the Texas Brahman Association's Breed Improvement Seminar and promises to be an educational as well as a fun weekend. Entry blanks and more information write the American Brahmental Assn., 1818 Leander Lane, Houston, Texas 77058.

Melford Carlson New Blonde's President, Awards Announced

Melford Carlson, Ralph, S. D., has been elected president of the American Blonde d'Aquitaine Association. He formerly served the association as secretary-treasurer. Other new officers elected at the ABA's fourth national convention Jan. 15-17 in Denver, include: Gerald Cunningham, River Vu Farms, Grand View, Id., vice president, and J. Russell Kavka, Arvada, Wyo., secretary-treasurer.

New directors are J. T. Jones, Weatherford, Texas; Floyd Schneider, Wakeeney, Kan.; and Eugene Doran, Beaver, Ia. They join current directors Bill Boeler, Van Meter, Ia., who is past president; Dale Wilson, Danville, Ky.; Don Olsen, Mantli, Utah; and Tom Cunningham, Broadwater, Nebr.

During their annual convention, the ABA voted to establish a cash awards program for Blonde steers and pens of feeder steers winning championships in major shows in 1977. An award of \$5,500 will be made for grand champion steers and \$1,000 for champion pens of five feeder steers.

The ABA board of directors will determine which shows will be included in the program at their meeting in March, according to Lynne Selig, executive vice president. In other business, the ABA established a new membership classification — a calendar year membership of \$25.00 — which can be renewed each January 1. The group also voted to discontinue blood typing of recipient dams of embryo transplants.

For more information on the cash awards program, please contact the ABA office, 217 Livestock Exchange Building, Denver, Colorado 80216, or call 303/829-7808.

Heckendorf Re-Elected Polled Shorthorn Prexy

Polled Shorthorn Society officers were elected, and a show and sale were held at the annual National Polled Congress, Louisville, Ky., March 11-12.

Re-elected were F. A. Heckendorf, Jr., Castle Rock, Colo., president and John Humphrey, Wolcott, Ind., vice president. C. D. Snyffan, Omaha, Neb., current American Shorthorn Association secretary will serve the Polled Society in the same capacity. They are Earl Fieser, Norwich, Kan. and Barry Jordan, Rensselaer, Ind.

According to a Shorthorn Association spokesman, the show and sale offered one of the best sets of cattle ever presented at the Polled Congress. Auctioneer was Bruce Brooks, Ardmore, Okla., with F. A. Heckendorf and Sherman Berg, Omaha, Neb., serving as judges.

Named supreme and champion bull was Ready Go X, consigned by Martin Nold, Gettysburg and Bill Mardesen, Austin, Minn. Sired by Western Shamrock, the bull took top money at \$8,100. The buyer was Grant Alexander, Goodwater, Mont.

Brahman Breed Improvement Seminar Is Scheduled For May 27-28 At A&M

The Texas Brahman Association has scheduled a dynamic program for all cattlemen to be held at Texas A&M University on May 27 and 28. This TBA Breed Improvement Seminar is designed to answer many of the questions today's cowman has on structural types by looking at both live cattle and carcasses.

Blending together live cattle evaluations in the Animal Science Pavilion and speeches in the Rudder Conference Center, the seminar has selected a far reaching program on one of the major topics of interest in the business today — "What type of cow should we breed for?" Experts in both the animal science world and cattle industry as well as top notch cattlemen will be on hand to compare their programs and discuss their merits.

The seminar begins at 9:00 a.m. on May 27 at the Animal Science Pavilion on the A&M University campus. The majority of the morning will be spent evaluating Brahman cross steers that represent the three basic structural types of cattle.

Leon Locke of J. D. Hudgins Inc., Hungerford, Texas, will be the Master of Ceremonies for both days. Friday morning's speakers and topics include: Dr. L. D. Wythe, TAMU — "Evaluation of Brahman Cross Steers"; Dr. Tony Sorenson, TAMU — "Visual Appraisal of Cow Fertility"; and Dr. Jim Sanders, TAMU — "Animal Breeding Systems."

The program for that afternoon will have Leon Miller, a feedlot operator from Eagle Pass, speaking on "The Feeding of Brahman Cross Steers," and then a series of speakers giving their viewpoints on "Selecting and Breeding Brahman Cattle." These will include: Dean Blackwell, BBB Ranch, Kat Creek, Cooper.

American Brahman Assn. Sale-Workshop

Set On April 30

San Antonio — Dr. J. O. Brumlow, president of the American Brahman Association (ABA), has announced the newly formed organization's first workshop and all-registered Brahman sale will be held Saturday, April 30, at the Lone Star Auction in San Antonio, Texas.

The ABA was the first association in the world to establish a registry for Brahmanals, having been incorporated by the State of Texas on May 22, 1975. The ABA has the name "Brahmanal" registered with the U. S. Patents and Trademark Office and the U. S. Trademark is now pending.

The workshop beginning at 10:30 a.m. April 30, will be to familiarize Brahmanal breeders with the inspection and classification system used by the ABA. It will be followed by inspection of the sale cattle.

Dr. John H. Farris, vice-president of the ABA, will conduct the workshop which will include a detailed explanation of the Standard of Excellence, the inspection and breeding-up chart. A question and answer session will follow.

The sale will offer approximately 80 head of the finest selection of Brahmanal cattle available for purchase anywhere. Dr. Brumlow said.

There will be 20 foundation bulls of pure Brahman and Simmental heritage. These bulls include one of the very scarce three-quarter Brahman, one-quarter Simmental needed for three-quarter Simmental and pureblood Simmental females to produce three-eighths Brahman, five-eighths Simmental calves. Bulls of this type are very hard to obtain now, and such bulls of the quality being offered in this sale cannot be found elsewhere, Dr. Brumlow said.

Females to be offered include fourth top selling bull which sold at \$735 to Klets Kelley, Walsh, Ok. The fifth high selling bull was consigned by Harland Herefords and went at \$700 to Tom Elke, Woodward, Ok. Sixty-eight (98) females grossed \$25,930, with the top selling female Hereford heifer, consigned by Messner Herefords, Laverne, Ok., going at \$500 to Burke Zollinger, Laverne, Ok. Messner Herefords also consigned the second high selling female at \$455, it going to Romple Miller, Hooker, Ok. The third high selling female was consigned by Gene-Hal House Herefords, Leodey, Ok. and sold at \$440 to Eugene Carlson, Sweetwater, Ok.

Brand's Brangus Average \$1,408

Round Top, Texas — Ludwig and Judy Brand's Brangus Ranch production sale featuring the get and services of "Supertan" here March 28 grossed \$100,000 for an average of \$1,408 on 71 lots of Brangus females.

The sale was managed by Matt and Ann Syler of Syler Sales Management, Inc., Burton, and auctioned by Gerald Bowie, West Point, Ga. Twenty pairs averaged \$1,654; 29 brood heifers \$1,400; two brood cows \$1,487; and 20 open heifers \$1,104.

Clayton and Modesta Williams, Ft. Stockton, paid \$5,100 for the top selling pair; and Rustling Oaks Ranch, Burton, and Willow Springs Ranch, Burton, paid \$1,880 for the second high selling pair.

Brangus, Sulphur Springs, paid \$3,100 for the top brood cow; and Rustling Oaks and Cedar Springs Ranch, Greenbrier, Ark., took the second high selling brood cow for \$1,850.

J. W. Hastings Ranch, Wichita Falls, paid \$3,200 for the top open heifer, and Rojak Ranch, Dallas, \$1,450 for the second high open heifer.

Kelsey's Polled Hereford Sale Set May 7, Chetopa, Kan.

Chetopa, Kan. — Carl Kelsey's Polled Hereford Farm's Spring Sale will be held Saturday, May 7, beginning at 12:30 p.m. at the farm located five miles north and two miles east of Welch, Okla., or six miles south and two miles east of Chetopa, Kan.

Selling will be 120 lots including 21 bulls; 60 cow-calf pairs; 22 brood heifers and 17 open heifers. The bulls include three sons of Kelsey's herd sire, JFG BJS OG, a son of OG Domestic Anx 6719; Supreme Lamp OG 0613, an Orkney-bred bull who has done a tremendous job; and RHR Moss Lamp 10. The pairs are all young cows with several high, full calves at side and the remainder spring calves, and carry the service of JB Massive Trojan, RHR Moss Lamp 10; KLR Bun Anx 6719; JP BJS OG, OG Domestic Anx 6719; Supreme Lamp OG 0613; and Clyn Clyn mode 639. The brood heifers are from Kelsey's replacements and carry the service of JFG BJS OG. The open heifers are big and broody and are top replacements for any herd.

Further information is available from the sale managers, National Cattle Services, Eddie C. Sims, 3 Ketch Creek Drive, Lawton, Oklahoma 73501, phone 405/629-2773; 405/248-9150 (Mobile), Dale R. Texas Jr. Brahman 2nd Annual Heifer Show Announced

The Texas Junior Brahman Association's Second Annual Heifer Show will be May 27 and 28 at the Thomas County Livestock Facility, Bryan, Texas. All 4-H, FFA, and TJAHA members are invited to attend and participate.

The association has two full days of activities planned for all exhibitors and their guests. The week-end starts with a swimming party and a buffet at the Holiday Inn South in College Station. (The Holiday Inn South is the show headquarters.) Judging will follow on Saturday afternoon and there will be a dance at the fairgrounds Saturday night.

Premiums and ribbons will be awarded through fifth place and will be held at the annual National Polled Congress, Louisville, Ky., March 11-12.

Re-elected were F. A. Heckendorf, Jr., Castle Rock, Colo., president and John Humphrey, Wolcott, Ind., vice president. C. D. Swaffar, Omaha, Neb., current American Shorthorn Association secretary will serve the Polled Society in the same capacity. New directors were also named. They are Earl Fieser, Norwich, Kan. and Barry Jordan, Remmelst, Ind.

According to a Shorthorn Association spokesman the show and sale offered one of the best sets of cattle ever presented at the Polled Congress. Auctioneer was Bruce Brooks, Ardmore, Okla., with F. A. Heckendorf and Sherman Berg, Omaha, Neb., serving as judges.

Named supreme and champion bull was Ready Go X, consigned by Martin Nold, Gettysburg and Bill Marsden, Austin, Minn. Sired by Western Shamrock the bull took top money at \$5,100. The buyer was Grant Alexander, Goodwater, Ark.

Melford Carlson New Blonde's President, Awards Announced

Melford Carlson, Ralph, S. D., has been elected president of the American Blonde d'Aquitaine Association. He formerly served the association as secretary-treasurer. Other new officers elected at the ABA's fourth annual convention, Jan. 15-17 in Denver, include Gerald Cunningham, River Vu Farms, Grand View, Id., vice president, and J. Russell Kavka, Arvada, Wyo., secretary-treasurer.

New directors are J. T. Jones, Weatherford, Texas; Floyd Schneider, Wakeoney, Kas., and Eugene Doran, Beaver, Ia. They join current directors Bill Beeler, Van Meter, Ia., who is past president; Dale Wilson, Danville, Ky.; Don Olsen, Mantle, Utah, and Tom Cunningham, Broadwater, Nabr.

During their annual convention, the ABA voted to establish a cash awards program for Blonde steers and pens of feeder steers winning championships in major shows in 1977. An award of \$5,000 will be made for grand champion steers and \$1,000 for champion pens of five feeder steers.

The ABA board of directors will determine which shows will be included in the program at their meeting in March, according to Lynne Selig, executive vice president. In other business, the ABA established a new membership classification, a calendar year membership of \$25.00 — which can be renewed each January 1. The group also voted to discontinue blood typing of recipient dams of embryo transplant.

For more information on the cash awards program, please contact the ABA offices, 217 Livestock Exchange Building, Denver, Colorado 80216, or call 303/629-7808.

A man wouldn't let his son use the family car and he said, "Dad, the Bible says if you don't let me use the car, you hate me."

"Where does it say that?" questioned the father.

"In Proverbs 13:24," replied the boy. "If that spareth the rod hateth the son."

LAND AUCTION

**** 1,602 ACRES ****
SPRINGFIELD, MISSOURI

Saturday, April 23, 1977 - 1:00 P.M.

OWNER - D & R PIPELINE COMPANY, INC.
- LOCATION -

The property is located 2 miles North of the Beautiful "Queen City" of Springfield, Missouri, and lays on both sides of the very popular Fellows Lake.

GENERAL INFORMATION -
This is undoubtedly the most valuable development property we have ever had the honor of offering for sale. The immediate development potential of this property is unlimited; however, it is a sound and well-sustained investment for the investor who has a long range plan in mind. Nearly all of the land is in permanent grasses, and over 107,000 bales of hay were put up on the property last year. There are several good roads, with a few more to be built, and most of the fences are in good condition. The property has a beautiful and the most fabulous dairy set-up imaginable, and our tract has a beautiful lake that not only is excellent for private development, but very ideal for recreational development or retirement group development.

There are approximately 11 miles of road frontage on the property. The farthest tract from Springfield is only 5 minutes away, and only 14 1/2 miles from the new 65 By-Pass which leads directly to the North side of the "Queen City," which employs approximately 70% of Springfield's total workforce. The property will be offered in 14 tracts, then offered as a whole 1802 acres. Total taxes are approximately \$2,600.00.

Whether your interests are in farming, dairying, developing, or corporate investing, this is a RARE OPPORTUNITY. We invite your inspection of the property.

Stuph & Thangs

(CONT. FROM PAGE 1) numerous laws, and there really isn't much of any thing you can do which isn't liable to get you in some kind of violation.

The sad part of th' whole she-bang is that right this minnit Congress & the President & th' Courts are layin' th' groundwork fer more rules & regulations with which to hem you in and th' schemes range from what you eat, drink, breathe, or jist about any thing you do.

Th' Govmint has made a few feeble moves recently toward deregulation of some industries, and since th' bigger th' industry the more Govmint regulation they live with, it would appear that our loudest talkers-about-Halliburton But, no these Free Enterprise Touts are seccannin' to High Heaven that they don't want to be De-regulated! It seems th' Govmint Regulation has become some kind of Security Blanket and th' Businessmen sure don't want to have to fly by th' seat of their pants and be confronted

by real, live Competition.

This psycho-manias ain't limited to businessmen and big business or even small business. Th' average individual don't seem to want to run in the open lives without some Govmint Agency holdin' their hands and stuffin' a pacifier in their mouth every time they don't go to suit 'em or they are confronted with th' problem of usin' their own brain or energy to get somethin' done. Actually, they prefer that their Govmint keepers deliver it to 'em as a matter of convenience.

It is this Regulated Sassaify that awpaws so many of th' changes folks are belly akin' about. For instance, th' Wholesale Price Index jumped 1.12 in March. This represents double digit inflation on an annual basis and while th' Govmint folks seem inclined to convince us that this was a one-time fluke, they really don't know and it seems th' need for that \$50 tax rebate throwaway and th' other business stimulants Congress & th' White House have in th' works may be completely unnecessary and it seems at long last that even some of th' people in th' Govmint are startin' to realize that Govmint Extravagance might perhaps be at th' root of Inflation, since with Free Enterprise no longer at work and built in raises in prices due to faster and faster labor contracts, as well as built in Govmint programs that cost more each year, there is no chance that Competition in th' market places will bring about anything except higher & higher prices.

It might be a worthwhile experience if we tried a little Old Fashioned Free enterprise through less Govmint Regulation of prices and it might be interestin' if they started on freight rates and airline tariffs, jist to see what would happen if they let a little Competition in.

Ever thine,

The Editor. P.S.: Uncle Dunk notes some feller th' other day informed th' people who claim th' Death Sentence is no crime deterrent, should pay attention. It sure deters crime in th' case of that particular murderer. Dunk figures if Congressman Aspin does somehow stop the pillferage around military posts, he'll be th' first one that was able to stop th' military from helpin' their sells to Govmint Propriety. This is so well established th' people involved figger it is some kind of fringe benefit. Dunk figgers if President Carter keeps twistin' th' Russian Bear's tail, we are in for some interestin' new twists in our Furrin Affairs and one of 'em may be World War III staged in Africa.

Thassall, Brothers!

Red Meat Output

(CONT. FROM PAGE 1) not come the liquidation cycle and increased slaughter of cattle off grass could develop. USDA points out that should large numbers of these cattle move on feed, the feedlot situation could become jammed again. The sharp increase in pork production has been a dominant influence in the red meat situation, and heavy supplies of pork are generally credited with causing the ups and downs in the dressed beef trade as consumers switch from beef to pork when beef prices edge upward.

The Summary says the cyclical expansion in hog production is continuing, however, despite the big 122 increase in farrowings this winter the die-off of pigs due to harsh weather and other causes held the pig grower to 7% gain. Should the March-May farrowings follow growers intentions, set at a 9% rise, be born out the later increase in pork supplies would be of moderate proportions. Estimates of the hog kill in the second quarter of 1977 range as high as 20% above the same second quarter hog prices in the mid 80's, with some improvement in the second half of the year.

USDA figures higher fed cattle prices are due late this Spring contingent on pasture conditions which prevent heavy movement off pasture and on feed. Private sources figure fed cattle prices in the mid 80's are possible in the near future. USDA thinks the number of heavy yearling cattle will be above a year ago in the April 1 inventory. During

the past few days interest in contracting yearlings for Summer delivery has perked up, with a 1,000 head string contracted in the past few days in Colorado. Calf contracts have been making little if any news over the country and with the off-gain, on-again, fed cattle and beef markets, this situation is not expected to change greatly before the beef trade settles on course.

Texas Sheep, Lambs On Feed Higher

Texas drylot sheep feeders with a lot capacity of 2,000 head or more had 72,000 sheep and lambs on feed for slaughter on April 1, 1977, reports Texas Crop and Livestock Reports Service. The April 1 total was above the same month a year ago. Sheep and lambs marketed for slaughter during March totaled 88,000 head, 6,000 head above last year's marketings but 15% below marketings during March 1976. Current intentions to market 72,000 head on feed April 1, 1977, 32,000 May, 25,000 and 11,000. May and June intentions are incomplete at this time because additional lambs could still be placed on feed and marketed during the next months. Weight breakdown of sheep and lambs on feed April 1 was: 11,000 pounds, 9,000; 70-79 pounds, 80-89 pounds, 18,000; 80-89 pounds, 18,000; 90-99 pounds, 19,000 and 100 pounds and over 19,000.
